With love Annie.

This Space for Writing Messages.

Dear Mrs. Hendrick:

Before I left I asked you for a picture of yourself and would like to have it, as I have spoken so much about you as also dear godfrey who has left us, and expected and it was an awful shock to all. you do not know how much he thought of you, as you were so good to him, and that handkerchief was his and as Harley wanted it and he said he would never part from it but mother have it to remain as a remembrance from godfrey.
